

Environmental policy

Level # 1 process: Environmental

Type: Support & Resource
Language: en

Lemo (UK) recognises the social and economic importance attached to environmental protection. In meeting this practice, Lemo (UK) is committed to complying and implementing best practice in accordance with environmental issues and guidelines.

In support of this statement, it is company policy to manage its activities in such a way that reduces the impact on the environment to a practicable minimum.

In order to sustain this policy, all reasonable practical means shall be employed to:

- Meet and, where appropriate exceed all relevant UK, European and international legislative and regulatory requirements and agreements. (WEEE, RoHS etc)
- Comply with legislation.
- Avoid the use of toxic materials and minimise waste generated.
- Actively encourage the recycling of material wherever practically possible.
- Communicate the policy to all employees and encourage their active support.
- Take measures to employ continual improvement strategies.
- Conduct regular management reviews concerning our Environmental policy and current Environmental issues.
- Work with our customers and suppliers to meet Environmental standards (Sony Green Partner etc)

All employees have a duty and responsibility to care for the environment and be aware of the impact they cause
